

DO YOU HAVE A TEENAGER* WHO WANTS TO TAKE DRIVER EDUCATION TRAINING IN ORDER TO OBTAIN A LICENSE TO DRIVE?

AAA's *How to Drive* program offers the state-required 24 hours of classroom training online with the required 8 hours of in-car training provided locally.

HERE'S HOW TO GET YOUR TEEN REGISTERED:

Visit the *How to Drive Online* website to learn about AAA's 24-hour online classroom program: <https://ohio.aadriverprogram.com/how-to-drive>
Use contactless payment by enrolling your student online using your credit card.

To purchase the required 8 hours of in-car instruction you will need to visit AAA.

The 8-hours of in-car instruction can only be purchased when you provide the information listed below. At purchase, the parent/guardian and student must read and sign a Training Agreement outlining the required 8-hour, in-car training program and a Medical Release Form. The program must be completed within 6 months of the first day of training.

To enroll, bring the following documentation to the AAA office:

1. Proof of online classroom completion: You must provide a copy of the 24-hour Certificate of Completion that is sent to your student by the online classroom program vendor.
2. Proof of eligibility to drive: You must present the student's State of Ohio Temporary Instruction Permit Identification Card (TIPIC) that is issued by the Bureau of Motor Vehicles.

After completing the 24-hour online classroom training AND the 8-hours of in-car training, the student will receive a Final Certificate of Completion for the combined programs. This certification will be used for scheduling the student's driving test through an Ohio Bureau of Motor Vehicle's Driver Exam Station.
